

TSA 200

Mobile hand spray unit

Technical data

Max. Operating pressure:	6 bar, oil-free Working pressure:
Tank volume:	19.5 l
Filling volume:	15 l
Viscosity:	< 200 mPas
Height:	850 mm
Width:	400 mm
Depth:	400 mm
Weight:	approx. 10 kg

GB

Features

Mobile device

no permanent connection needed after filling with compressed air

Airless method

economical, nearly mist-free dispersion

Stainless steel pressure tank

easy cleaning

Large stainless steel pressure tank

long periods of work without re-filling

Trolley with 5 castors

quick change of filter and nozzles

Various nozzles can be used

product diversity

Safety valve

safety valve provides reliable protection against excess pressure

Tapping attachment as option

spraying or tapping without any long set-up times
