

TSA 38

Mobile hand spray unit

Technical data

Max. Operating pressure:	2.5 bar, oil-free
Working pressure:	0.1 - 0.5 bar
Filling volume:	approx. 38 litres
Compressed-air consumption:	approx. 120 l / min.
Spray output:	approx. 380 g / Min.
Weight:	approx. 30 kg

Permanent compressed-air connection required

GB

Features

Mobile hand spray unit

flexible use

Functional design

mobile stainless steel pressure tank with separate control fittings

Continuous adjustment

quick and easy adjustment of the operating pressure to the product in use

DÜBÖR professional hand gun

very user-friendly in long-term operation

Airmix method / low-pressure

processing of all known viscosities, nearly mist-free dispersion with precise dosage

Variable use

emulsions, release agents, liquid egg and glaze

Drain tap

easy daily cleaning possible

DÜBÖR®
